

Anti-Discrimination, Disability and Equal Opportunities Policies for Clubs

Our commitment is to eliminate discrimination whether by reason of gender, sexual orientation, race, nationality, ethnic origin, colour, religion or ability and to encourage equal opportunities.

As the governing body of the game, The Football Association is responsible for setting standards and values to apply throughout the game at every level. Football belongs to, and should be enjoyed by, everyone equally. Our commitment is to eliminate discrimination whether by reason of gender, sexual orientation, race, nationality, ethnic origin, colour, religion or ability and to encourage equal opportunities. The following policies should be at the heart of your club's activities.

Anti Discrimination Policy For Clubs

Moss Bank Junior Football Club is responsible for setting standards and values to apply throughout the club at every level. Football belongs to and should be enjoyed by everyone, equally. This includes:

Moss Bank Junior Football Club will not tolerate sexual or racially based harassment or other discriminatory behaviour, whether physical or verbal and will work to ensure that such behaviour is met with appropriate action in whatever context it occurs.

Moss Bank Junior Football Club is committed to the development of the programme of ongoing training and awareness raising events and activities in order to promote the eradication of discrimination within its own organisation and in the wider context, within football as a whole.

Equal Opportunities Policy for Clubs

1. General

Moss Bank Junior Football Club is committed to a policy of equal treatment of all members and requires all members of whatever level or authority, to abide and adhere to this general principle and the requirements of the Codes of Practice issued by the Equal Opportunities Commission and Commission for Racial Equality. All members are expected to abide by the requirements of the Race Relations Act 1976, Sex Discrimination Act 1986 and Disability Discrimination Act 1995. Specifically discrimination is prohibited in:

- Treating any individual on grounds of gender, colour, marital status, race, nationality or ethnic or national origin, religion, sexual orientated or disability less favourably than others.
- Expecting an individual solely on the grounds stated above to comply with requirement(s) for any reason whatsoever related to their membership, which are different to the requirements for others.
- Imposing on an individual requirements which are in effect more onerous on that individual than they are on others. For example this would include applying a condition (which is not warranted by the requirements of the position) which makes it more difficult for members of a particular race or sex to comply than others not of that race or sex.
- Victimisation of an individual.
- Harassment of an individual (which for the purposes of this policy and the actions and sanction applicable thereto is regarded as discrimination).
- Any other act or omission of an act, which has as its effect the disadvantaging of a member against another, or others, purely on the above grounds. Thus, in all the Club's recruitment, selection, promotion and training processes, as well as disciplinary matters etc. – in other words all instances where those in control of members are required to make judgements between them – it is essential that merit, experience, skills and temperament are considered as objectively as possible.

Moss Bank Junior Football Club commits itself to the immediate investigation of any claims of discrimination on the above grounds and where such is found to be the case, a requirement that the practice cease forthwith, restitution of damage or loss (if necessary) and to the investigation of any member accused of discrimination.

Any member found guilty of discrimination will be instructed to desist forthwith. Since discrimination in its many forms is against the Football Club's policy, any members offending will be dealt with under the disciplinary procedure.

The Football Club commits itself to the disabled person whenever possible and will treat such members, in aspects of their recruitment and membership, in exactly the same manner as other members, the difficulties of their disablement permitting assistance will be given, wherever possible to ensure that disabled members are helped in gaining access. Appropriate training will be made to such members who request it.

Disability

Today disability football is embedded across The FA's 2016-2020 strategic plan and its associated seven strategic objectives, ensuring the further development of disability football is one of The FA's imperative goals.

Our philosophy is clear and guides all of our work with/within disability football. We believe:

- Appropriate opportunities (formal and informal) should be made available to all people whatever their level of ability and this will be in the right ability team for that person's disability which may prevent them competing in the higher ability particularly through the demands of the age groups as they grow older and playing formats change and this will incorporate the FA 4 corners model principle – we will always attempt to find alternate ways to include those that meet this criteria to feet in the right ability teams;
- Disabled people should be playing in mainstream football, however we realise that some disabled players may be better provided for in settings such as 'pan disability' or impairment-specific football on a temporary or permanent basis and again this will be in the right ability team for that person's disability which may prevent them competing in the higher ability particularly through the demands of the age groups as they grow older and playing formats change and this will incorporate the FA 4 corners model principle – we will always attempt to find alternate ways to include those that meet this criteria to feet in the right ability teams
- Player development pathways should be available from grassroots to the elite level for various impairment groups and that the resulting competitions structures should support the player's development.

The FA dispensation policy

The FA's rules, specifically the standard code of rules for youth competitions (SCRYC), prescribe age groups for children to play in which are designed to ensure that they compete with peers of similar size and development.

However, for some children with a disability or significant physical development delay (SPDD), playing in the prescribed age group would put them at a substantial disadvantage to their non-disabled team mates, discouraging them from being involved or making it impossible for them to access football altogether.

The FA dispensation policy enables disabled children to play football in an age group other than that prescribed by their date of birth, providing all necessary criteria of the dispensation policy and assessment process is met.
